For the grown-up: one page a day, about 5 to 10 minutes, is plenty. Read the instructions aloud. **See** pages are worked examples to talk through, **Do** pages are practice, the **Check** page shows what has stuck. Keep counters or buttons nearby, and praise careful work, not speed.

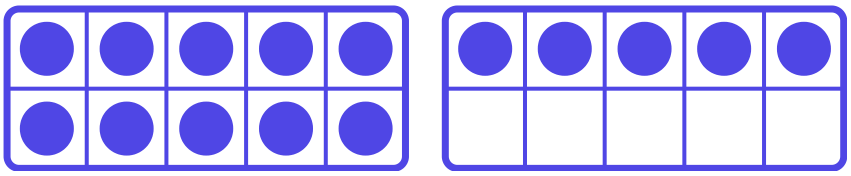

SEE Ten and some more

A full frame is 10. The teen numbers are ten and some more: 14 is 10 and 4.

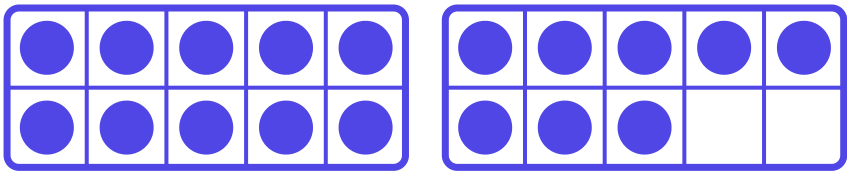

Tip: Point out that the 1 in 14 is the full frame and the 4 is the second frame.

10 + 2 = 12

10 + 5 = 15

10 + 8 = 18
