For the grown-up: one page a day, about 5 to 10 minutes, is plenty. Read the instructions aloud. **See** pages are worked examples to talk through, **Do** pages are practice, the **Check** page shows what has stuck. Keep counters or buttons nearby, and praise careful work, not speed.

SEE The hundreds chart

Each row is one ten. Going down a column, every number is ten more.

Tip: Look down the column under 4: 4, 14, 24, 34. Only the tens change.
