For the grown-up: one page a day, about 5 to 10 minutes, is plenty. Read the instructions aloud. **See** pages are worked examples to talk through, **Do** pages are practice, the **Check** page shows what has stuck. Keep counters or buttons nearby, and praise careful work, not speed.

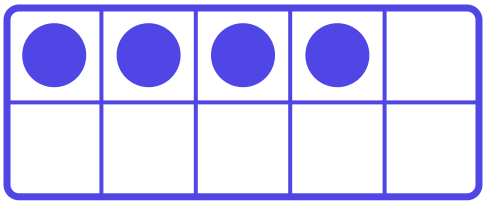

SEE The empty boxes make 10

Count the counters. The empty boxes are how many more you need to make 10.

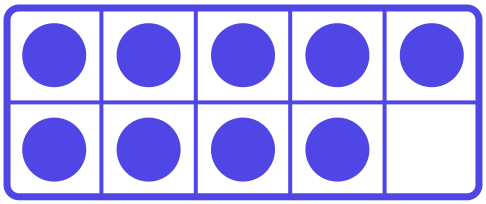

Tip: Say the pair out loud: seven and three make ten.

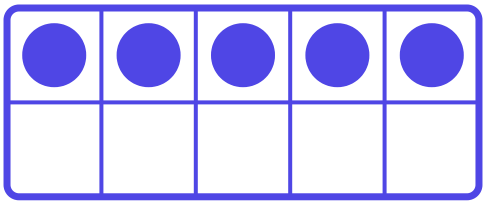

7 + 3 = 10

4 + 6 = 10

9 + 1 = 10

5 + 5 = 10

DO

Fill up to 10

Draw open circles in the empty boxes to make 10. Then write both numbers.

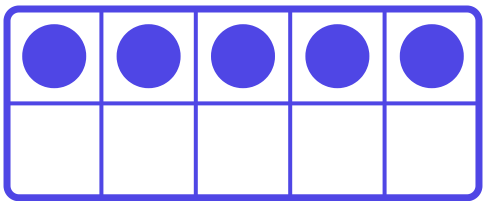

Tip: Two colours help: the counters already there, and the ones you add.

KEY Answer key

Check each page together while it is fresh. A wrong answer is a clue: go back to the picture (dots, ten frame, number line) and try again.
