For the grown-up: one page a day, about 5 to 10 minutes, is plenty. Read the instructions aloud. **See** pages are worked examples to talk through, **Do** pages are practice, the **Check** page shows what has stuck. Keep counters or buttons nearby, and praise careful work, not speed.

SEE Tens on the number line

On a long line, the big marks are the tens. Between two tens there are nine more numbers.

Tip: Zoom in: the second line is the part between 30 and 40 of the first line.

KEY Answer key

Check each page together while it is fresh. A wrong answer is a clue: go back to the picture (dots, ten frame, number line) and try again.
