For the grown-up: one page a day, about 5 to 10 minutes, is plenty. Read the instructions aloud. **See** pages are worked examples to talk through, **Do** pages are practice, the **Check** page shows what has stuck. Keep counters or buttons nearby, and praise careful work, not speed.

SEE Walk along the number line

Numbers go up by one at each mark. Put your finger on 0 and hop along, saying each number.

Tip: Each hop is the same size. Bigger numbers are further to the right.
